### Product Update Overview

The RCS Actuators MAR Series 100, 120, 160, 250, 800, 1600, & 4000 now have a single enclosure solution – Approved for NEMA4/4X/6/7.

---

### **Product Update Details**

- To facilitate application requirements where multiple NEMA levels are required, a single base and cover have been designed to meet all NEMA 4/4X/6/7 requirements. The historical RCS products required a unique cover for NEMA 4X and a different unique cover for NEMA 7 thereby preventing the RCS Group 12 product line from being qualified for applications where both NEMA 4X and 7 are required.
- The current CSA and UL listings can be found on the website.
  - <https://dresserutility.com/resources/actuators-certifications/>
- Slight change in overall dimensions provided below:

### **User Benefits**

- Fewer top-level P/Ns and reduced inventory. More reliable and efficient supply chain.
- More Industry applications covered with same equipment enclosure.

### **Support Contacts**

- For any technical or pricing information please contact your RCS Sales Team
- Call us at Phone 832-590-2306, or toll-free number 1-800-945-9898
- Via email at [rcs.info@dresserutility.com](mailto:rcs.info@dresserutility.com)

---

### **Life Cycle Program Overview**

- All RCS Actuators MAR Series, 100/120/160/250/800/1600/4000, are now available with upgraded enclosure.
