## Dresser IMCW2 Micro Corrector Compatibility with AUTOSOL™ ACM 8.0

---

June 1, 2020

*Product Update Notifications provide information about updates, enhancements, improvements, certifications and other changes to current Dresser Meters and Instruments Products and Services. The information in these notices is intended to help you take advantage of the continuous improvements to Dresser Meters and Instruments products and services.*

### **Product Update Overview**

The Dresser IMCW2 Micro Corrector now has compatibility with AUTOSOL Communication Manager® ACM 8.0. Customers utilizing the Dresser IMCW2 Micro Corrector and ACM 8.0 now have the ability to remotely communicate via a cellular modem and can retrieve information such as corrected volume, uncorrected volume, temperature, pressure, and several other parameters.

On the AUTOSOL ACM 8.0 system, customers may select “Dresser Micro Corrector Protocol” to enable communication between the Micro Corrector and the AUTOSOL Communication Manager® ACM 8.0 system. Refer to ACM 8.0 release notes by visiting <https://bit.ly/2HCbSVI> for further information on the Dresser Micro Corrector protocol including supported features, device configurations and OPC items.

### **Support Contacts**

For further information regarding the Dresser IMCW2 Micro Corrector, you may contact your Dresser NGS District Sales Manager or Meters Technical Support via telephone on our toll-free number, 1-800-521-1114 or via email at [meterstechservices@dresserngs.com](mailto:meterstechservices@dresserngs.com)
