Dresser Differential Test Acceptance Calculator (DTAC) Software Update

July 17, 2026

Product Update Notifications provide information about updates, enhancements, improvements, certifications, and other changes to current Dresser™ Measurement Products and Services. The information in these notices is intended to help you take advantage of the continuous product improvements.

Product Update Overview

We have now released Version 4.0 of the Dresser Differential Test Acceptance Calculator (DTAC) Software. This new release adds support for differential testing of our Low Flow Meters. With this addition, the software supports the following Dresser meter families:

- 8C-56M Series B Meters
- 8C Eveloid, 1.5M-102M Series A Meters (LMMA)
- D630, D800, D1000 Series D Meters
- 10C Series K Meters
